## **WOLTERTON AND MANNINGTON ESTATE PARTY VISITS 2008**

Whether your group spends a whole day or just an hour on the Estate, Lord and Lady Walpole hope you will have an enjoyable and memorable visit.

At **MANNINGTON** the extensive and varied gardens display all year round colour and surround a medieval moated manor house. There is an outstanding rose collection including the Heritage Rose Gardens in the old walled garden and orchard. Wildflowers are encouraged around the lakes and ruined church. Unusual trees and shrubs are featured throughout.

At **WOLTERTON** there is a beautiful Park including an adventure playground, orienteering course and a large lake around the eighteenth century mansion house. The State Rooms, with many original features, hold a remarkable collection of family portraits and other treasures.

The countryside surrounding the two Halls, which are about 2 miles apart, has way marked footpaths with interesting wildlife.
